Washakie Co.,
Fair Grounds

The Worland Cemetery is subdivided into numbered BLOCKS. The BLOCKS are subdivided into numbered LOTS.
The LOTS are subdivided into individual numbered Graves.

BLOCKS are shown as Blue Bordered areas with the BLOCK numbers shown within the BLOCK area.
The BLOCKS number is only sort of predictable, with the order based on the Cemetery history.

LOTS are shown as Black Bordered areas with the LOT numbers shown within the LOT area.
LOTS are numbered; Beginning in the upper-right (northwest) corner of the BLOCK, then counting to the left to the south edge of the BLOCK, then down (east) one LOT then counting to the right to the north edge of the BLOCK and then down (east) and so forth.

Individual GRAVES, are not shown on this map. They are numbered in the same fashion as (LOTS within the BLOCKS).
The graves are generally 5x10 feet. There are generally 4 graves on the west side of the LOT and 4 on the East. Larger lots have 5 graves and 5 graves.
Grave order is only sort of predictable in irregular shaped lots.
