The Kirtland Discussion

The long expected discussion between Clark Braden, of Illinois, Disciple; and E. L. Kelly, of this place has commenced. The topic "Is the Book of Mormon of divine origin and entitled to the respect and belief of all Christian people." Mr. Kelly started by claiming the Book of Mormon to be a true revelation of God. It contains teachings well calculated to elevate man from the low where sin has placed him, as any Bible. Three witnesses claim to have seen the plates on which were engraved these ancient writings buried deep in the earth. They were: David Witmur, Oliver Cowdery and Martin Harris, and then eight other witness who claimed they had seen the plates. Mr. Braden maintains that these could not establish anything, because they

Feb. 28, 1884

were enthusiasts, fanatics, and visionaries. That their testimony was not given separately as individuals but they all in a body had signed a writing made out by Joseph Smith. He noted 26 facts or coincidences which existed nowhere in the world but in the Spaulding manuscript and the Mormon Bible. No other explanation can be given than that the historical part of the Book of Mormon was taken from Spaulding's manuscript.

Kirtland, Feb. 24th. The debate closed last night after ten consecutive nights. Mr. Braden said it was the merest assumption that Joseph Smith was the angel of God. In the bible, it does say in many places that the whole will of God was revealed, perfected and completed. And therefore future pretension to revelation are false and hypocritical. The Book of Mormon pretending to reveal where all had been revealed, cannot be true.

Besides these, he lost a son and daughter in infancy. His father was Dr. Isaac Palmer, who was the first white settler of Thompson. He was born in Plainfield, Windham Co., Conn., in 1770. He died Nov. 10, 1661. Fifteen hundred descendants participated in a reunion there in 1881. Isaac Palmer Jr. died of heart disease at the age of 81 yrs. 6 mos.

p. 2 Ripe Old Age

(Article from the Woonsocket, R. I. *Reporter* about Capt. Walter Pease, uncle of our townsman, Mr. C. A. Avery.) Friends and neighbors called upon Capt. Walter Pease, of Enfield, Conn., on March 29, 1884, to congratulate the gentleman on attaining the age of 100 yrs. He was in excellent health with all his faculties unimpaired. His five children were present: The oldest 70 and the youngest 60, with a sister of 83. His great great-grandfather, John Pease, with his father and brother, were the first white settlers, receiving from the Indians the deed of a large tract of land, ever since occupied as the family homestead. All the brothers of Capt. Walker are Yale men entering upon profession while he was content to lead a quiet rural life. His beloved wife of 67 yrs. marriage, died 10 years ago. p. 1 Letter from E. P. Branch – Ashland, Oregon, April 8, 1884. He writes that some of the counties in the eastern portion of the state are each as large as most of the New England states or middle states. Farms there are called ranches.

Ashland is located near the upper end of the Rogue River Valley on Bear Creek. It has a population of 1500 and more people coming every day. The Rogue River farmers claim they have the finest fruit country on the continent, and judging from appearance, I am not disposed to dispute the claim. Wormy apples are unknown here. It is so with other varieties of fruit.

Mr. Nelson Martin owner of what was once the old Gillett farm is erecting what will be when finished an imposing residence. The old house that Gillett built 60 years ago nearly, if not quite, is moved and will henceforth do duty as a horse barn. It is an old land mark built with heavy timbers with an immense chimney in the middle, the foundations of which rested on the cellar bottom. It consisted of a square box or pen perhaps two feet each way, built of solid stone and rising nearly to the floor. On this wall the masons commenced laying brick. Three or four fire-places were built to accommodate as many rooms. It was at that time a fine house, strong, heavy and durable. Strawberry Exhibition by the Lake Co. Horticultural Society

There was a strawberry exhibition held at their Hall, June 18. The display was large, showing several hundred samples comprising 22 varieties. A committee consisting of W. A. Wheeler, S. Justus and E. M. Woodard was appointed to determine the best basket of berries and by whom grown; and the best variety of strawberries for the table. They reported the honor lay equally between two baskets of Sharpless grown by O. H. Brown, of Mentor Plains and E. W. Taylor, of LeRoy. The Black Defiance grown by W. A. Wheeler was the best for table use, and that the Crescent stood second. The handsomest strawberries on exhibition were some Cumberland Triumph show by S. Justus, of Mentor, and B. S. & S. B. Upham, of Kirtland. The principal exhibitors were:

Martindale, C. D., of Hambden.

Tryon, J. H., Kirtland

Crow, O. S., Mentor

Justus, S., Mentor

Brown, O. H., Mentor Plains

None of our largest strawberry growers market their berries in the home market, but ship them off, mostly to Buffalo and points beyond. The Uphams, of Kirtland, are the largest growers in Lake Co., and their shipments are 700 – 900 quarts a day. Over 200 bushels of strawberries can be grown on one acre of land.

p. 2 col. 4 A Thrilling Adventure

The death of Mrs. Johns, at the age of 80 in Erie, Pa., recalls, say the *New York Tribune*, one of the most remarkable incidents of navigation on Lake Erie of which there is any record or recollection. In 1840, Mrs. Johns, who lived near Buffalo, had been visiting with her nephew, Capt. Appleby at Conneaut, O., and getting anxious to return home he put her in charge of the schooner State of Connecticut, which he owned. Two days later, the crew returned to Conneaut in another vessel, and reported that the schooner had been wrecked in a gale and they hurriedly left in a boat, believing Mrs. Johns to be drowned in the cabin. It was 5 days before Capt. Appleby could go in search of the wrecked schooner and try to recover the body of his relative. He found the boat floating on its side and in several hours was upright again when Mrs. Johns, haggard and

almost to a skeleton, staggered up the cabin stairs and fell unconscious.

p. 2 col.4 Historical Essay – Of Painesville High School Alumni

An alumni reunion was held at Bass Lake, June 30th. Names added to list of those dead:

—Carrie Adams Paige, a member of the class of '70, died at her home in Akron, January 23d, 1881. Of the class of '78 Frederic C. Porter died in Cleveland, May 4th, 1882. Another, although not a graduate, we shall ever miss from our reunions. Fannie Barstow Thompson died February 6th, 1883.

The last historical essay was read four years ago. It is my purpose to note facts, which have not been recorded, concerning those who graduated before 1881, and then give lists of the remaining classes. Samuel W. Curtiss has removed with his family to Fargo, Dakota, where he is with the Fargo Water and Steam Co. Minnie A. Bacon, still residing in Painesville is teaching a class in drawing. Frank C. Curtiss has a pleasant home on Erie street; Mrs. Curtiss was Miss Phoebe Underwood, of Cleveland. Nellie Tenney Searle, for several years at Murray, Iowa, is at Stuttgart, Arkansas county, Arkansas. Lucy Hickok Seekell, has moved from White Pigeon, to Three Rivers, Michigan. Thomas A. Harvey, of East Saginaw, has become a partner with Morley Brothers, hardware merchants. As his name was overlooked in a former essay, I mention that Mr. Harvey was married February 6th, 1879, to Miss Elizabeth Chadwick, also of East Saginaw. Anna M. Clark is in Dakota, teaching in the Fargo High School. Carrie Marshall Kelley went from Colorado to Florida, but is now at Saranac Lake, Franklin county, N. Y. Albert C. He and his family have returned to the old homestead where, he reports, they would be delighted to see any of their old school-mates or representatives of their *Alma Mater*. John H. Dayton attended the reunion last year with his wife, formerly

Miss Nettie Anderson, of Concord. This year he comes as our President, and is the fourth one from the class of '73. Rev. Charles A. Kleeberger has persuaded Miss Anna Hayden to be a minister's wife. They expect to remain at Chagrin Falls. Frank L. Wolverton lives in Painesville and is employed in Cleveland in the Auditor's office of the L. S. & M. S. R. R. Jennie Bishop is Mrs. F. p. 1 Pioneer History – by C. C. Bronson

Children of Stephen and Sarah M. Hart

First, Lovina, born in Winchester, March 12, 1793, married Tera Doolittle, Aug. 21, 1825, they were the parents of 7 children. They moved to Ohio then to Illinois where she died Feb., 1875, age 82 yrs.

Second, Chester Hart, born Winchester, July 31, 1795. In 1818, Erastus Merrill left with his family for Ohio, and Chester Hart drove his team arriving in Painesville in June. Mr. Merrill settled in Concord. Hart went south to Virginia, and then returned to Mentor. Grandison Newell had moved his family from Barkhamstead, Conn., and settled on the south line of Mentor. Chester Hart and Newell entered into partnership to manufacture cast iron plows. A lot of land adjoining Newell was purchased and when the partnership dissolved, Hart received this land. He cleared the land and built a home. His parents lived with him after they came to Ohio in 1826, until his marriage to Miss Lucy Howard, of Aurora, Portage Co., Ohio, Dec. 29, 1829. They had two sons, Chester died in Minnesota, and Julius died on the old homestead in Mentor. Mr. Hart died on his farm in Mentor, Jan. 17, 1870, age 74 yrs. Mrs. Lucy H. Hart died on the farm which had been her home for 40 yrs., Jan. 22, 1872. If I should send another communication, it would be Rosaville Hart and family of Kirtland.

The Pioneers – Eighth Annual Reunion

The eighth annual reunion of the Lake Co. Pioneer Assoc. was held in the grove of Capt. E. Burridge, in Mentor, Aug. 26. The President, Robert Murray, paid a tribute of respect to the memory of each of the departed.

Among those who had gone during the year he particularly referred to Gen. Northrup, Judge Hitchcock, Mr. Pepon, Mr. Marshall, Mr. Clapp, Mr. Harvey, Mr. Paine, Mr. Mathews, Mr. Rogers, Mr. Reynolds, Col. Morse, Mr. Hercules Carroll, Mr. McWithy, Mr. Isaac Palmer, who was the first white male child born in Geauga county, Landon Smith, Elbridge Warner, Col. Crocker, Mr. Potts, John Russell, Joseph Tuttle, Colbert Huntington, I. N. Skinner, Rev. Mr. Brayton, Martin Rand, Harvey Woodworth, James Rapple, Sam'l Brown, F. McGrew, Gideon Crofoot, Julius Bixby, Mr. Whelpley, none of whom were under 70 years of age.

Of the aged ladies now living he mentioned Mrs. Goldsmith, 97; Mrs. Burridge, 92; Mrs. Gillett, 91; the Misses Rosa, 85 and 88; Mrs. Dr. Rosa, 87; Mrs. Stephen Mathews, 88; Mrs. Morley, Mrs. Dean, Mrs. Huntington, all nearing the nineties.

He said the society was organized in Morley's Grove, Kirtland, Sept. 20, 1875, when a resolution was passed that they proceed to organize a Pioneer Association to be called the Lake County Pioneer Association, and that it be held yearly so long as pioneers live to sustain it. Its first President was Alfred Morley, with L. H. Luse, M. D., Secretary, and a vice-President from each township in the county as follows:

Harvey Morse, Kirtland; Calvin Ingersoll, Mentor; E. G. Bunnell, Willoughby; Lyman Nye, Painesville; Asa Turney, Madison; W. B. Tuttle, Concord; John Prentice, LeRoy.

Mr. James Wright, age 83, sang "Perry's Victory on Lake Erie."

Mr. Willis Woodruff, aged 84, thought he could beat his story of last year. He went into Concord, six miles in the woods and had seen hard times. Had lived on pudding and milk for many months at a time and had not lost a day in haying and harvesting since he was eight years old.

Eli B. Haskell related some incidents of his early days and said they used to meet in the woods and have paring bees and after they got through some plays were indulged in and all the girls were kissed by all the boys.

Wm. T. Rexford spoke of the hardships endured when he came here 67 years ago and of the daring of the pioneers.

Moses Thompson, aged 84, moved into Perry over 50 years ago. Lived on the Narrows road in the woods and swamps. His farm was the biggest swamp in Perry. There were but few persons there then and a majority of them made coal and drank whisky. He is the only resident of Perry now living who was there when he first came there. He dug a ditch three miles long with the help of one man and they were from August to January in digging it. He had since raised 39 bushels of wheat to the acre on that swamp land.

Aug. 28, 1884

or four miles from any house and one night the wolves came down on them pretty thick and came into the cabin. They were compelled to keep a fire going and to throw fire brands all night to keep the wolves away. Next day they procured an old musket and after that an occasional shot would suffice to scare the wolves away.

Mr. James Wright said he came here in 1810, was one night driving cows on river bottom near where Mrs. Rust now lives, when some bark from a tree fell on him, and looking up he saw a bear coming down the tree. When the bear struck the ground he set his dog on him and the dog scared the bear out of sight before he had time to think that he had a good gun over his shoulder.

Eber D. Howe, aged 86, said that 65 years ago last April he passed this road for the first time. He traveled it weekly thereafter, carrying papers from Cleveland as far as Painesville. Mr. Howe was the founder of the Cleveland *Herald*, and was not only printer, publisher and editor, but carrier. He knew every man who lived on the road between Cleveland and Painesville. There are no heads of families now living here who were here then. He left Cleveland in 1822 and established the Painesville TELEGRAPH, issuing the first number on the 16th day of July, 1822. Mr. E. B. Haskell remembered of seeing the first number printed. He lived in a room under the printing office.

Isaac Sawyer had lived in Mentor 73 years. There was but one frame house between Willoughby and Painesville when he came here. There were plenty of Indians, who had their camps all over the woods. They made baskets and were very friendly. The Indian boys and the white boys played together. The white boys could throw the Indian boys but the Indian boys could outrun them. He remembered of seeing Mr. Howe when he was carrying papers through here.

Elijah Rexford came to Mentor in 1817, when he was eight years old. It was a pretty tough time for the pioneers. He thought their experience was akin to that of John the Baptist, in the wilderness. Their meat was woodchuck, coon and wild honey. He wore pants made of deer skin and whenever they got wet he had to climb up on a ladder to get them on next morning. Was making sugar one spring three

or four miles from any house and one night the wolves came down on them pretty thick and came into the cabin. They were compelled to keep a fire going and to throw fire brands all night to keep the wolves away. Next day they procured an old musket and after that an occasional shot would suffice to scare the wolves away.

Mr. Taylor spoke of the history of Mentor and Painesville.

He related an incident of the first white child born in Willoughby. The Indians were encamped on the river and their chief begged the privilege of carrying the child to the camp and showing it to his squaw. When he carried the child back it was bedecked with Indian ornaments. The chief afterwards baptised the infant and christened it "Flower of the Forest." The name of the child was Abbott.

Mr. Calvin Ingersoll then read a list of the scholars who are now

living, as follows: Orville Nye, Martin Carroll, Thomas Carroll, Lucy Ann Carroll, Caroline Tuttle, Amanda Griswold, James Jewell, Frank Jewell, Sophia Cowan Munson, Jane Booth Dille, Hannah Mathews Tuttle, Ester Brass Scott, Clarisa Munson Brown, Susan Prouty Hodge, Betsy Cowee Forbes, Harmony Stevens, Isaac Sawyer, Daniel Sawyer, Wm. Rexford, Elijah Rexford, James Prouty, Alonzo Mathews, Henry Clapp, Isaac Sherman, Calvin Ingersoll, Ed. M. Ingersoll, Solomon Mapes, R. P. Harmon, Daniel Harmon.

Attempt at Highway Robbery

Mr. Duane Putney runs an express wagon between Painesville and Fairport. On Tuesday

Aug. 28, 1884

night, while on his way to Fairport, two men seized his horses by the bits and a third fired a revolver at him. p. 4 Keeping Summer Butter

Butter made in June is always the best. To keep it for winter use, pack butter solidly in stone crocks to within an inch of the top. Level it and

cover with a piece of white muslin. Then fill to the top with common salt. Dig a hole in the ground the north side of some building, or in the shade of a tree. Make the hole deep enough so when the crock is covered the earth on the top of it will not be less than 18" thick. Over it, put something like an old tin pan to carry off water that leeches down to it. Pack on the earth leaving it rounded like an ant hill to carry off the surface water. The butter can be taken out any time before frost. This method will keep butter perfectly sweet until winter.

Oct. 23, 1884 Thursday

p. 1 col. 4 A Boy's Snake Story

A Louisville boy, 14 years of age, visiting in Illinois, has written a long letter home detailing his adventure with a huge blacksnake. The boy was on the top of a hay-wagon in a harvest field when one of the harvesters tossed a fork of hay upon the wagon. It happened to contain a blacksnake about ten feet long. The boy didn't tarry long on the wagon, leaving the snake to hold the fort.

The harvesters procured long poles and endeavored to kill the reptile, but they couldn't well reach it. Ladders were procured and placed along the stack. Men mounted to the top, but the snake beat them back every time. Several hours of valuable time were consumed in the battle and the snake still lived. The men finally resolved to burn the reptile out. The load of hay was propped up and the wagon was pulled out from under it. Then a match was applied to the hay. In an instant the entire stack was in a blaze.

The men stood around with clubs, pitchforks, and rakes, waiting for the snake to appear. Presently a streak of fire ten feet long darted out of the flames and flew across the field like a streak of lightning, leaving a line of smoke behind to denote the course it had taken. For two miles the streak of fire could be seen, when suddenly it disappeared in a large barn. In the course of a few moments the barn was a complete mass of flames. Once more the streak of fire darted forth and shot across the prairie to a small stream. When it struck the water a dense cloud of steam arose, but it soon cleared away, and then the snake, for such the streak of fire proved to be, was seen climbing a tree on the edge of the stream. Beyond the loss of its hide the snake had suffered no serious injury.

—Chagrin Falls Exponent:—“A. B. Gardner, Esq., of this place, is running a sort of a mixture between an intelligence office, a court of equity, and widow's, orphan's and old maid's protectorate. All who get into trouble go straight to him. He is a Justice of the piece, and settles two cases where he tries one, and it is no uncommon thing to see two belligerents enter his office with blood in their eyes, and their dander up toward each other, and go away arm in arm, discussing the weather, politics, or some other amiable theme. Blessed is the peacemaker, for he shall make more happiness than the breeder of dissension and strife.” The country has need of more such men.

Mrs. Williams was the last of her own family, all having died before her, the last one, her daughter, the late Mrs. Porter, of Hartford, Conn., whose sudden death occurred a few weeks ago. Death of Francis E. Stebbins

We regret to announce the death on Sat. evening, of one of our promising young businessmen, Frank E. Stebbins, of congestion of the lungs. Mr. Stebbins for many years was subject to distressing asthmatic attacks, had been for many weeks losing his health. He was weighed down with a burden of various responsibilities and with the care of a sick mother. For several days prior to his death, Mr. Stebbins was showing himself to be more than usually debilitated, and while being virtually unable to perform his business duties, he insisted upon making daily visits to his place of business. This explains the suddenness of his death; medical aid only being called for the evening before his death. He leaves a young son, age 6 yrs., a mother, and a brother, Clarence. The deceased was a member of the Odd Fellows. The remains were placed in the vault.

A Scrap of Pioneer History

H. H. Hine has found among the papers of his grandfather, Capt. Abraham Skinner the following *New Market Advertisement*:

To make it better understood, a few pioneer historical facts may be first stated. In 1798, Edward Paine Jr., afterwards, Clerk of Geauga Co. from 1806 – 1828, came to Ohio from Aurora, N. Y., and spent the winter in what is now Painesville township. He persuaded his father, Gen. Edward Paine, to move to Ohio in Feb., 1800, where they purchased 1000 acres, the north part of tract 3. Gen. Edward Paine induced his nephew, Eleazer Paine of E. Windsor, Conn., to visit the "New Connecticut" with him in Feb., 1800; and in Jan. 1801, and Feb., 1803, Eleazer Paine and Capt. Skinner purchased tract 4 of 3, 246 acres embracing what is now Fairport, Richmond and the northwest part of Painesville village. On July 10, 1800, the Western Reserve was organized into one county, called Trumbull. On Aug. 15, 1800, by order of Gov. St. Clair, at Warren, the county seat, Trumbull Co. was divided into townships, Painesville being one, with territory which now constitutes several of

the townships of Lake and Geauga counties. On Dec. 1, 1803 the following advertisement was published probably in the Connecticut papers and the Painesville *Telegraph* was not in existence until 1822.

Champion, but in 1811 it was moved to Chardon, until Lake Co. was organized in 1840. In 1817, the Town Plat of New Market was vacated, the town lots soon relapsed to cow pastures. Gen. Edward Paine died in Painesville in 1841, age 96 yrs. A daughter still survives him, Miss Eliza Paine, of Painesville. Capt. Edward Paine died in Chardon in 1848. Capt. The Queen's Tribute.
The Committee appointed by the Grand Lodge of the Order of the Sons of St. George to appropriately frame the floral wreath sent by Queen Victoria as a tribute to the Garfield obsequies report that their work has been completed. For two years the designer has been at work upon the frame, and it is a valuable and historical work of art. The large, beautiful wreath of calla lilies—or rather its wax counterpart—is enclosed in a heavy frame of English oak. The wood is taken from a tree that stood for three hundred years and was cut down by the British at the battle of Waterloo to build a bridge. The frame is artistically engraved with oak leaves, except across the lower border where roses, the Queen's favorite flower, intertwine with the hollyhock. At the top of the frame is engraved the sword and shield and Bible surmounted by the Garter; on the right the United States coat of arms and at the left the English coat of arms. Below is a gold plate bearing the presentation words of the Order to the family of the late President. Running across the top are the words of the famous motto:

“Honi soit qui maly pense,” and on the lower border the last words of Garfield: “Strangulatus pro Republico.” This beautiful frame is the contribution from every Lodge of the Order in the United States.—Herald.
