A sad affair happened in the family of Robert Pears, of Willson’s Mill. His son, George, went some time ago to work at Youngstown; from there he went to Windham, Portage Co. and was taken sick with measles. A letter was sent to his father telling him of the sickness, and it was pronounced dangerous. At this time, he was in Windham, but the letter insinuated he was in Youngstown. Soon came another letter telling of his death and burial and even giving a fictitious name of the minister who officiated at the funeral. The letter was signed Jennie Morse. The father in going to Youngstown and then Windham soon found his son alive. This was a cruel outrage to send such a letter. It is a mystery to all the family.

Reminiscences of Garfield

Camden O. Rockwell, Pres. Garfield’s brother-in-law, delivered a lecture on the dead Chief Magistrate in the Fourth Unitarian Church last night. At one time, when the physicians allowed none by the immediate members of his family to go near him, he broke forth pleadingly to the friend who was attending him “Let me see old Jim Blain. From the Denver Tribune Republican, July 2:
Mrs. Davis, the young wife of Mr. R. M. Davis, the dealer in mineral specimens, was standing near the kitchen stove in her residence, No. 576 Curtis St., preparing the noon meal yesterday when she noticed that the rug at her feet was on fire. She did not observe at the time that her skirts were, also, on fire. Hastily placing her one year old baby which she was carrying on the floor in the center of the room, she picked up the rug with the intention of carrying it down stairs and throwing it into the back yard. Then he flames leapt rapidly up her clothing, and she became aware of her danger. She made it to the back yard screaming. Several men came to the backyard and did what they could to put of the flames. The fire was smothered but not until the poor woman was almost burnt to a crisp. Doctors were sent for and did all within their power to alleviate her suffering, but she died about midnight. The friends of the family state that her dress caught on fire from a piece of coal that fell out of the stove, and that the rug caught fire from her dress.

Obituary
Mr. Charles Grover died suddenly, Aug. 31, Monday morning. He died from heart disease from which he had suffered for some time. Born in Auburn, N. Y., Jan. 9, 1809, he was next to the youngest of a large family of children, and son of Judge Joseph Grover, who was, also, a commissioned officer in the regular militia, and who died when Charles was 8 years old. Six years later, his mother with her large family moved to this town which has ever since been his home. His elder brother, John Grover, Jr., had received a college education and was a superior linguist and mathematician. He tutored his young brother, Charles. When his brother, died in 1835, Charles was already in successful practice of his profession, surveying. He always lived and worked in Willoughby except for two years when he was with a surveying company doing government work in southern Michigan and nonwestern Ohio. p. 2 The funeral of Eber D. Howe took place Friday, 13th, at the residence of his daughter, Mrs. Rogers, on Bank St., Painesville. From a small pamphlet written and published by him in 1878 entitled “Autobiography and Recollections of a Pioneer Printer” he was the fifth of a family of six children and was born in Saratoga Co., June 9, 1798. In his school boy days, he never saw a map or a blackboard. Years afterward was “Webster’s First Spelling Book” which was the first and the last and “it must be spelled through and read every 3 months, year after year” while a boy. The war of “12” took place of which he was one of the very few remaining pensioners. He, also, adds an incident of the burning of Buffalo, Jan. 1, 1814, “by noon of that day there was but one house left standing in the city and adjacent county. This was a small, unpainted house located on Main St. occupied by a widow St. John, the mother of Dr. St. John, of Willoughby” and adds that its defense was due to the determined resistance made by the daughters of the patriotic widow. In August, 1818, at Black Rock, he was present at the launching of Walk in the Water, the first steamer on Lake Erie. In Oct. 1819, he went to Cleveland and without a single subscriber issued the first number of the Cleveland Herald. The paper on which it was printed was brought from Pittsburgh on wagons. After a few weeks, with a valise filled with papers, he mounted a horse and distributed copies at the doors of subscribers between Cleveland and Painesville and on the return trip left a package at Kirtland Flats. His remains were carried by grandsons and younger relatives to be buried in Evergreen Cemetery.

Previous to the rebellion, Mr. Stevens worked as a carpenter. He then went as ship’s carpenter on the gun boat Essex, and during one of the engagements received a severe wound in the neck but fought bravely on until the blood which trickled down his back filled his boots, when he fainted from exhaustion. He was on board the Mississippi when she went down, and was an active participant in several engagements, receiving wounds in the back, leg, ankle, and arm; he, also, lost the sight of his left eye by a ball which took off the top of his ear. It is built of first quality red brick with arched windows and molded cornice of same material. The basement is lofty, covers the whole ground, and is divided into three apartments. On the first floor are two rooms—one designed for the dry goods store and the other for the bank. The north room is 23’ x 77 ½’. This leads at the rear into a room 16’ x 22 feet with double door on Spaulding St., and where boxes for the store will be received and unpacked. The bank is 15’ x 35’, and has a wainscoting of 3’ of stained Georgia pine and white ash, the panels alternating with a cap of ash, all being oiled and varnished. The room in the immediate rear of the bank is 16’ x 18’, well-lighted and suitable for a cozy little office.
