JIM WILLIE BARTON

END AND HALF

Jim was a sure tackler and got down on punts like a streak of greased lightning. He had a wicked side-step and was as agile as a deer. He gained much ground for M. H. S. and will repeat next year.

JOHN EDDINS

GUARD

John came out for football in his Senior year and made the team, and all he lacked was experience. Now that he has experience, A. and M. College will gain a good football player.

CHAFFE SUMMERS

TACKLE AND HALF

"Fixem" at the beginning of the season had the terrible malady of butter fingers; but after learning how to hold the ball, his fumbles were few and far between. "Fixem" made his letter as a Fish.

BASKETBALL

The past season in basketball was not as successful as it might have been if we reckon only the games that were won and lost, but Coach Williford ascertained which men were the most reliable and which ones could be depended upon in an emergency.

Next year the team will be composed mostly of men who have seen action in several games and will consequently be considered veterans. With the proper support, Marlin Hi will turn out a winning team.

Girls' Basketball

Under the able direction of Coach Scruggs, the girls turned out a basketball team that lost only one game during the entire season; and that game was lost to the strong Lott team. Below are the games with the score of each:

Lott	12	Marlin.....	10
Rosebud	14	Marlin.....	18
Reagan	12	Marlin.....	17
Reagan	14	Marlin.....	21
Mart	8	Marlin.....	20

BOOSTER CLUB

Class Will

THE STATE OF TEXAS
COUNTY OF FALLS
HIGH SCHOOL OF MARLIN

}

We, the Senior Class of Marlin High School, A. D. 1922, being more or less sound of mind and poor memories, do make and publish this our last will and testament, hereby revoking all others heretofore made, though, in fact, this is the first time we have been permitted to express our own will.

Collectively we bequeath our privileges, our dignity, the admiration of our teachers, our beloved textbooks, and the prominent part we have taken in athletics and literary events to the Junior Class.

Individually—

I, Louian Carter, bequeath my grace to Morton Levy.

I, John Eddins, do hereby bequeath my melodious voice to Tom Peterson.

I, Eva Walker, bequeath my quietness and dignity to Inez Reed.

I, Frances Forbes, contribute my ability to dance to Nettie James.

We, Audrey Davis and Viola Smith, leave our never ceasing tongues to Rachael Pauling.

I, Perry Tomlinson, bequeath my excellent English grades to Gertrude Ray on the condition that she either keep them up or pass them to someone who will.

We, Clara Pringle and Ella Turner, bequeath our ability in debating to Eugene Brooks and Newell Finch.

I, Neale Gamble, bequeath my beautiful curly hair to Mable Peebles and my stylishness to Nancy Eddins.

We, John Barton and Lamon Bennett, leave our rowdiness and pep to Lee Sewall.

I, Cleo Loggins, bequeath my ability to fix my flowing hair to Ruth Knickerbocker.

I, Minnie Pauling, bequeath my weight to frail little Elizabeth Foster.

We, Hazel Bennett and Ora Lee Norwood, bequeath our shortness to Clarice Hitchcock, whose stature is unusually tall. At the same time, I, S. C. Johnson, bequeath my height to Boyce Brown.

We, Albert Derden and Edwin Glass, bequeath our oratorical ability to Tommy Goode.

We, Juanita Ferguson and Bernice Barton, bequeath our mathematical ability to Carlos Kling.

We, Marvin Mimms and Addie Lon Nunn, bequeath our "giggling" to Lois Goode.

We, Mattie Willingham and Edna Mae McKinney, hereby bequeath our wildness to Lois Mitchell.

TALLY

RAY

HODGES

NEAL

DARDEN

CURRY

GUTHRIE (COACH)

RAY

As MR. JAMES E. GUTHRIE stepped upon the threshold of the Marlin High School on Monday morning, March the 6th, two heavy burdens fell upon his shoulders: that of developing the girls' and boys' debating teams.

For seven weeks he labored with his shoulder to the wheel, steadily pushing the debaters forward. To the debaters of 1923 we wish to say, "Mr. Guthrie has only one requirement to make of the debaters: always bring up your work, and he will never fail to do his share."

Hard study on the part of the contestants, together with Mr. Guthrie's excellent coaching, will enable Marlin High to produce the best debating team in the state.

DRAMATIC CLUB

PINKYELOU EDDINS

Historian '19; Booster Club '19-20-21-22; Hiking Club '19-20; Tennis Club '22; Photographer '22; Secretary Tennis Club '22.

Pink forever had a good time "dern," and especially when a Super Six carried her riding. She is undecided yet as to whether she will spend her vacation in West or South Texas. As a tennis player only Molla was her equal. If anything benefited the High School, Pink always took the initiative.

EDWIN GLASS

Vice-President, Fish Class '19; President, Junior Class '20; Football '18-19-20-21; Track '20-21; Baseball '20-21; Basketball '20-21-22; Tennis '20-21-22; Dramatic Club '22; Senior Play '22; Minstrel; Charter Member of the Royal Order of the S. S.

"Pedro" was an athlete all over and then some, making letters in the five major sports. In the senior play he showed that he could make love for twenty minutes without catching his breath; and he quit then because of the time limit. John Tarleton College is calling him.

CLARA PRINGLE

Glee Club '20-21-22; Booster Club '20-21-22; Hiking Club '19; Dramatic Club '22; Society Editor '22; Basketball '22; Senior Play '21.

Because Clara was a second "Stubby" she just naturally graduated in three years. There was no other girl in High School as interested in athletics, both boys and girls, as Clara. Her good nature will be especially missed by the Juniors next year. No doubt she will continue her record as an excellent student at college.

THELMA FINLEY

FORWARD

"Thimble" won more points for Marlin Hi than all the other players combined. She looped the basket from all positions on the court and she seldom missed a foul. For two more years she will play on the team.

HAZEL BENNETT

JUMPING CENTER

"Shorty" could "get up in the air" when it came to knocking the ball. She always had the advantage of height over her opponent, and this advantage, combined with her jumping ability, enabled her to place the ball in Marlin's territory. Her place will be hard to fill the coming season.

FOOTBALL

In response to the call for "pig skin chasers" about twenty-five men reported for duty on the gridiron. Although we had but four old men back, we had had an abundance of raw material from which to develop men to hold down the different positions. Coach Betts set to work to build a football machine out of these inexperienced men. He was hampered in his work by the injury of a regular half and by another quitting on account of some difficulties in regard to a pair of football pants.

With just three weeks from the first workout until the first game, he managed to get his raw material into shape and ready for the battle. We opened up the season at Gatesville, where we were defeated. For three quarters we held them scoreless, but in that long-remembered fourth we met our Waterloo.

Likewise we suffered defeat at the hands of Waco, but here we blamed some of our hard luck on the automobile collision that occurred just before the game, injuring our coach and several regular players.

Bremond next fell in our way and we showed them that our raw material was learning the game, by administering to them the bitter dose of defeat. Temple outplayed us in a hard fought contest and again we were defeated by a large score. Lott was our next foe, which we easily conquered. Not so easy to handle was Belton, and again we went down in defeat. We had two games with Mexia and proved our superiority by winning one game and tying the other. On November 11 we went down before Hillsboro, but the tide rocked back in our favor and we won our final game from Rosebud. We believe that great things are in store for the 1922-23 football team. Eight letter men will report for duty next fall and an aggregation of scrubs will fight for a position.

"Hold' em, Marlin! Fight!! Fight!! Fight!!"

FRESHMEN CLASS

Freshman History

WE, the ninety "Fish" of the Freshman Class, entered M. H. S. September the thirteenth, nineteen hundred twenty-one. Like all innocents, we felt that we were fully qualified for the task set before us, so with hopeful hearts we worked toward fame, step by step.

Early in the school year we elected our class officers and we have stood by them earnestly all through the year's work. We have felt a keen interest in both the athletic and literary events of the season, the Senior boy declaimer, and several of the track men being Freshmen.

We have had a busy and happy year, working together in a true spirit of co-operation. As we are the largest class in number in the history of M. H. S., we have felt pride in our work and we have tried to be most loyal in upholding the traditions of the school.

As the time draws near for us to part, we realize anew how thoroughly we are bound together by ties of friendship and the spirit of our school. We hope that throughout the remaining years of our High School work we may keep that spirit growing. And so with fond memories living in our hearts and with high aims and earnest purpose for the future, we bid adieu to our Freshman year.

MISS INEZ REED—*The Most Popular Girl.*

NETTIE JAMES

FORWARD

"Net" could rope the goals from all angles of the court. This was her second year, and the games that she played last fall were decidedly improved as the result of the able tutelage of Coach Scruggs. She was cool, fast, and accurate; and her reliability caused her to play in every game. Net will be a Senior this fall.

CLARA PRINGLE

GUARD

"Slats" playing earned for her the coveted "M." In an emergency she would always keep her head; and could be depended upon to stay with her opponents. As this was her first attempt to play basketball, she was inexperienced at the beginning of the season, but she quickly learned the game and was promoted from the ranks of the scrubs to that of the regulars. Marlin loses an excellent player.

BEATRICE WILLIAMSON

GUARD

"Trixy" justly earned her nickname, as she was exceedingly cunning and sly. She was somewhat handicapped by her size, but she made up for this in speed. In two years Trixy will develop into a basketball marvel.

S. C. JOHNSON

President Senior Class '22; President Fish Class '19; Soph Editor '20; Football '19-20; Track '19-20-21-22; Tennis Club '22; Minstrel; Dramatic Club '22; Senior Play '22; Editor-in-Chief S. V. '22; Charter Member of the Royal Order of the S. S.

"Secky," My modesty (?) prevents my saying anything nice about myself, and my truthfulness keeps me from saying anything bad; so it seems as if I am between two fires; however, I will conclude by asseverating that all the faculty, with the exception of eleven teachers, will shed bitter tears when I depart.

"Blinky" says S. C. will be a journalist of world-wide fame. Marlin Hi will be proud of Secky and his works.

WILLIS BROOKS

Military Company '17-18; Yell Leader '21-22; Minstrel; Dramatic Club '22; Tennis Club '22; Football '21; Senior Play '22; Business Manager S. V. '22; Stage Decorator '20-21-22; Business Manager Curtain Club '22; Curtain Club '22.

"Blinky" was always quiet and reserved (?). When he was near anyone, the silence was so deafening that it sounded like a boiler factory! If he wasn't leading yells, he was playing football. "Conse" was the guy who obtained the first patent on the *Webster Dictionary*. As you all know that original dictionary had nothing but "dids" and "dones" in it, and the "dids" were always mixed-up with the "dones," but the original one has since been standardized by him. May "Blinky" set the world on fire by his accomplishments in future years.

VERNA JONES

Glee Club '22; Booster Club '22; Tennis Club '22.

Verna was a Reaganite (you couldn't tell it by looking at her). She came here as a Senior but quickly established herself among us by her never ending gab (?). Peculiar, but a member of the faculty also hails from Reagan. When she wishes to discuss old times she chooses a Ford Coupe, but at other times it might be a Dodge Sedan.

JOHN BARTON

Dramatic Club '22; Senior Play '22; Minstrel '21.

John was one of those peculiar creatures that had the ability to make a wonderful record as an athlete, but his bashfulness kept him from doing this. He had a drawing personality, consequently everyone was his friend, including the girls, but especially one at Riesel. John's absence will be felt by all the school, and Georgia Tech, will gain a good man.

AUDREY DAVIS

Poet '22.

Audrey was very studious and made excellent grades in all subjects. Being quiet, reserved and unassuming, she was not well-known by everyone; but to know her was to like her. When she graduates from C. I. A. she will make an excellent teacher of Domestic Economy, as she specialized in this work in High School. Audrey's place will be hard to fill.

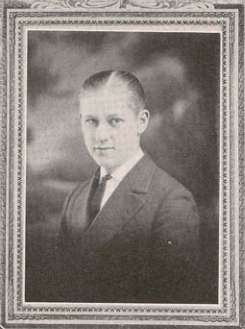

Junior History

IT WAS in the remote year of 1919 (A. D.), that we prospected our entree into the unknown realm of the fish. Notwithstanding the fact that we were subjected to the varied and miscellaneous tortures and humiliations decreed upon us by the upper classmen, and being unaccustomed to the innumerable strange scenes, that first year was a year of wonders never to be forgotten.

We heralded Soph-hood with a goodly degree of exultation and pride, for we then had somebody to serve as under dog in our stead. It exalted us beyond measure to know that we would no longer be looked down upon and be regarded with unspoken contempt as being the basest in line. The more vain of us could be seen promenading with slightly tilted noses, but the high horse finally threw us and then we realized that we must erect our grades on a par with our elevated state of newly-gained state of elevated dignity. Those of us who were back-sliding viewed with awed eyes the necessity of immediately retrieving our degraded alphabet. Several of us decided (?) that we might as well remain as Sophs another year, and we shouted to the ones ahead: "Tell 'um we're comin'."

Juniors! with our classic heads protruding above the lofty clouds! We carry ourselves with that superior air characteristic of our altitudinous station, and already some of the vain ones may be seen snobbing the present Seniors, for they'll be mere fish next year, while we'll be the dignified Seniors. As Senior-elects we have displayed our sense of superiority in our public and private behavior, which is the very best. Now that we view our sacred Senior-ship in the offing, we strain with eagerness for the first sensations of that high estate. "Oh! ain't it a grand and *glor-i-ous* feeling!"

J. WALTER TORBETT, JR.—*The Best Looking Boy.*

BILLIE KEELING

HALF

"Dugan" was one-half of the Gold Dust Twins. He could go through the line where others could not even find a hole. "Hoss" to "Dugan" made a great pass-receiving combination. "Dugan" was persuaded to remain another year.

MORRIS JAMES

QUARTER

"Hoss" was the other half of the Gold Dust Twins. He made a good quarter for he always used his head for something besides a battering-ram, and generally called on "Dugan" to run with the ball. The Twins will remain here another year.

WALTER TORBETT

END

"Two-bits" was the fiercest tackler on the team. He caught them around the shoestrings and never let go until the referee patted him on the back. As a football player, he was a wampus cat. Colleges take notice.

WILLIAM KEELING

GUARD

"Billie" was a pretty tough customer to handle. In terms of the vernacular, or as Bill Shakespeare would asseverate, "He was little but loud." Being two-thirds of the Gold Dust Twins, and as the other two-thirds will return again next year, Marlin Hi will no doubt be honored with Billie's presence once more.

HULEN LENOIR

GUARD

"Cuffy" ought to be nicknamed "Bull Montana" or "Bull Durham"—or something like that. When he played basketball, he could always be depended upon for about three touchdowns and several field goals. The referee occasionally raised an objection to this style of play, but little did "Cuffy" care. "Bull" Lenoir also rolled his own—that is, when he wore 'em.

ALVIN PYLAND

GUARD AND FORWARD

"Appo" was the silent wonder man of M. H. S. He never was a sensational player but he played the game for all he was worth, and he was the strongest cog in our basketball machine. "Appo" was an all-round athlete, and as a Junior, he ought to make an incomparable record.

The Literary Activities

In the forensic contest for the year 1922, Marlin High School was represented by the very best talent available. The county meet which was held at Rosebud evidenced the fact that the time long traditions would be upheld and Marlin scored in many events; Dorothy Tally in the Senior girls' declamation contests was declared winner, with Marion Hodges in the Senior boys' declamation. Janie Bell Ray won first in the Essay contest. In debate Evelyn Curry and Gertrude Ray proved worthy opponents for the splendid debating team from Reagan, which won first in the county. Albert Derden and George Neal, by winning a unanimous decision over Rosebud in the boys' finals in debate, proved that Marlin would be strong in the district meet.

The district meet at Waco found the Marlin representatives on edge for their respective contests. Dorothy Tally started the day favorably by winning the high honor of first in the girls' declamation. Neal and Derden responded nobly and won a unanimous decision from Lorena, McLennan County champions, thus gaining the privilege of contesting with Temple, who had defeated Waco. In a debate which will long be remembered Marlin lost to Temple orators by a two to one vote. Marion Hodges made a good showing, winning third place in the boys' declamation. In the state meet held at Austin, Dorothy Tally won first in the preliminaries, but was defeated in the semi-finals.

With some twenty-four boys training for next year's debating, and many having expressed their desire of trying out for declamation, the future, we feel sure, will take care of itself. Marlin is heading towards some all-state teams.

CLEO LOGGINS

Booster '19-20-21-22; Hiking Club '19-20; Dramatic Club '22.

"Cleopatra" Loggins was more famous than the original Pat. She was a charter member of the "Big Four." As a chaperon she had no equal, because she was forever looking the other way. She was the composer of the "Giggling Blues." Some say that in the future she will be an old maid, but we are certain that she will not be.

TOM GALLAHER

Photographer '22; Minstrel '22; Senior Play '21; Charter Member of the Royal Order of the S. S.; Tennis Club '22.

"Bud" was descended directly from the tribe of monkeys known as the Irish Orangootang, and he kept up his illustrious ancestor's reputation. It has never been fully decided whether Bud was witty or just naturally "Cuckoo." Most decided on the latter and the majority always rules. "Hi, Bud."

EVELYN CURRY

Glee Club '19-20-21-22; President Glee Club '22; Booster Club '18-20-21-22; Secretary of Booster Club '22; Dramatic Club '22; Hiking Club '19-20; S. V. Staff '20-22; Vice-President Junior Class '21; Debate '22; Declamation '20.

"Eve" was the live wire of the school. If many of these live wires had been exposed, the danger of getting shocked would have been great. She had a habit of wearing out pencils keeping up with her dates. Bobbed, permanent curled hair (wet weather barred) was her emblem. "By their emblems you shall know them."

MISS LOIS GOODE—*The Prettiest Girl.*

ESTELLE MALONE

Glee Club '19; Booster Club '19-20-21-22; Tennis '22; President Tennis Club '22.

Someone has recently given Estelle the nickname of "Frowns." We do not understand exactly what is inferred by that, but it might be because she liked to show all of her teeth when she grinned. She loved to attend all of her classes and especially her English class. Estelle took part in all outside activities, and we hope that she will continue her good work at college.

ALBERT DERDEN

Baseball '21; Debate '22; Declamation '21.

"Demosthenes" was a silver-tongued orator. He could easily convince you that submarines flew over the ocean, and airships sailed under the seas. To hear was to believe and old Demos said it loud enough for all to hear. Being named after a distinguished Greek, he occasionally lived up to his reputation by changing the English language to suit himself, otherwise he was an excellent Math. student.

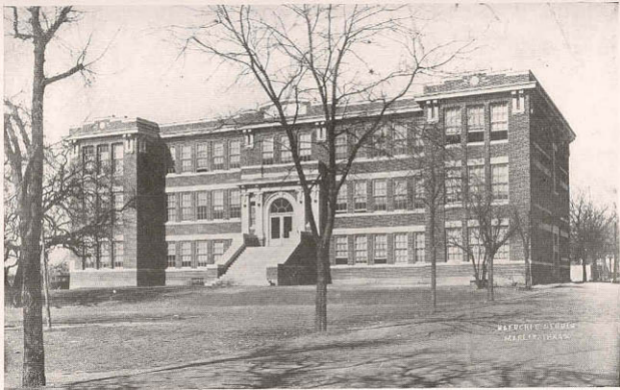

VIOLA SMITH

Glee Club '19-20-21-22; Booster Club '19-20-21-22.

Viola was a typist of note. When it came to using the typewriter, she could knock the "wood" out of Underwood. She was very pleasing and accommodating to all of her friends and was the sweetheart of the High School. If she does not attend college, the commercial training that she received here will enable her to obtain a position as stenographer at any office. All will miss her when she leaves.

WATSON'S ASSEMBLY
MARTIN, TEXAS

To Mary Alice

*We have not dreamed that you could die—
The frank young smile, the hair's red-gold,
The fair white brow, the hazel eyes,
The tender graces manifold,
Revealed a spirit—fire and dew—
Where Heaven itself seemed part of you.*

*We've never felt that you are far—
Since near at need the angels are,
And in the blessed afterwhiles
Where tears are melted into smiles,
Shall we not see you shining stand,
And with the welcome in your hand,
Hear your glad voice in rapture cry,
"O friends, it's true—we never die."*

Mary Alice Humphrey

EDNA MAE MCKINNEY

Glee Club '19-20-21-22.

Edna Mae began her school life with her present classmates, and has proved an inspiration to all. She had a voice like a nightingale, and it was indeed a pleasure to listen to her singing. Galli Curci take note. Some said that she preferred a new Dodge to all other cars.

LAMON BENNETT

Lamon's school work tended toward mechanics, especially electricity. Besides electricity Lamon was also prominent in Math. His greatest fault lay in his controversy with the authors of established arithmetic principles. Lamon was studious and enjoyed having his own way in his class arguments. We do not know what college Lamon will enter next term, but the one that gets him will get a student of merit.

FRANCES FORBES

Booster Club '22.

Frances was quiet and unassuming, but those who knew her best liked her. She was very studious and usually made a majority of A's. Frances never found time to take part in outside activities, but she was one of our best boosters. The college that is so fortunate to get her next fall will obtain an excellent student.

GEORGE NEAL

HALF AND FULL

It would take "Frog" seventy-five yards to get started but you ought to see him run the last twenty-five. Oh, yes; he occasionally ran a hundred yards for a touchdown, notwithstanding he was a good football player.

WALTER LEACH

GUARD

"Big Leach," at the beginning of the season, didn't know a football from a radio station; but after three months' training he could easily distinguish between the two. He thought a radio station hit him when he tackled a big Temple guy (witness the nose). He'll be back with us next year.

IRA RUSSELL

HALF

"Burr" could carry the ball, in a given length of time, farther than any man on the team. He was a comet of the gridiron. Running low, and hitting hard, he was almost an irresistible force. Being a Soph, he has about three more years.

JUNIOR OFFICERS

Kocerireh, Emily	Yates, Alta Lela
Lantrip, Clydelle	Zimmerman, Flora

GID NEAL

Gid was the darkest of the dark colored horses in the track meet. More for a joke, he entered the hundred twenty yard hurdles at Waco, but the joke terminated in his winning third place. What he lacked in science, he made up for in speed. Gid was not only a hurdler of note, but also an excellent broad jumper. Next year Gid will "strut his grapes."

IRA RUSSELL

"Burr" was as fast as a streak of greased lightning. In all the meets that we attended, he never placed lower than second in the hundred yard dash. If he gains in speed, as a Senior, he should step the hundred in ten flat. He also made over twenty-one feet in the broad jump.

S. C. JOHNSON

(I've heard that you can string beans, but you can't bull frogs, so I'll have my stenographer hand you a line). "Seeky" made his letter in track four years. The little duck-legged sucker could "suttinly make those legs move." He graduated this year and will probably win fame on the cinder path at A. and M. or Vanderbilt.

CHARLIE NORWOOD

END

"Chink" got down on passes like lightning. His great height enabled him to snatch them out of the air above his opponents' heads. Once a pass was caught it was never dropped. Chink will be with us several years longer.

WILLIS BROOKS

TACKLE AND QUARTER

The field generalship of "Conse" was not known until he was shifted from tackle to quarter. At all times he ran the team like a veteran and was quick to discover an opponent's weakness. Above all he used his head. M. H. S. lost a good man when they lost "Conse", while Vanderbilt gained one.

WILSON BARTLETT

CENTER

"Wee Willie" made his letter in football as a freshman. With his great bulk and fighting spirit none could withstand his terrific onslaughts. Three years from now, as a senior, "Wee Willie" can't be stopped.

ADDIE LON NUNN

Glee Club '20-21-22; Booster Club '20-21-22.

Addie Lon has been with us only a few years, but during that time she has made many friends. She talked very little but was a profound thinker. She studied very much and as a result her report cards were usually sprinkled liberally with A's. We do not know her plans for the future, but we feel sure that if her quality of work maintains its present standard, her career will be successful.

JOHN EDDINS

Football '21; Minstrel '22;

"Jake" was one of the smartest boys in the Senior class. His was a quiet disposition but when he spoke his words hit the mark and were usually accepted as the unquestionable fact. He had often contended that he could not do anything in athletics, but his work in football last fall proved that he was a football star as well as a star student. We hope that John will continue his good work at A. and M. College.

ORA LEE NORWOOD

Ora Lee, the brilliant sister of the athletic "Clunk" Norwood, differed from him mostly in the high grades that she made. We all like "Clunk," and it is needless to say that we like Ora Lee also. Hers was a friendly and unselfish disposition which won for her a host of friends. She could always be relied upon to do her part in school life and this reliability will make her a valuable asset to the outside world.

THEO PEEBLES

Teddy was our star hurdler. He won the hurdles at the county meet, and was the only one from Marlin who had the honor of winning a first place at the district meet. Teddy showed excellent form on clearing the sticks and we predict that he will bring back a medal from the state meet at Austin.

BILLIE KEELING

"Dugan" proved to be a dark horse this year. Without previous training, he entered the county meet and captured second place in the mile. He continued his good work at the district meet and again won second place. "Dugan" began the mile with a long trotting pace and held his pace from start to finish. The man who beat him had to run it in around five minutes.

CHARLIE NORWOOD

"Chink" was not termed a dark horse, but one could say that he was somewhat dappled. His long, lank, and leany legs could skim over the bar at around six feet in the high jump. He won first place in the county meet but had an off day at Waco and only won third. Here's hoping that his off days will be few and far between next year.

MISS ADDIE SCRUGGS, *Coach*

Miss Scruggs accomplished the seemingly impossible when she developed a winning team out of an aggregation of inexperienced girls. This was the first year that this novelty occurred in High School. As a coach, she had no peer because she knew the game thoroughly and had the ability to teach others. We hope Miss Scruggs will remain here several years.

RUTH KNICKERBOCKER, *Captain*

RUNNING CENTER

"Knick" was the captain "par excellence." As some great philosopher truthfully uttered, "A team is nothing more than its captain," this clearly demonstrated that she was a wonderful player. Her great ability lay in rapidly passing the ball, and her accuracy earned many points. She will return next year.

INEZ REED

GUARD

"Shine" or "Tucker" was the fiercest of all the players. She would shake her bobbed hair, utter a shrieking war-cry and tear into the midst of her opponents, making them scatter in all directions before her terrific onslaughts. Marlin Hi will retain a player of rare ability, as Tucker remains with us another season.

Senior Class History

When the Seniors of nineteen hundred and twenty-two take a backward glance, some recall the seven years of happy school days in the grades when they were bothered with arithmetic, spelling, and grammar; more remember the four pleasant years in Marlin High School. Four years have flown carrying with them some of our former classmates. Despite the loss of those members we have gone on, and at the present time we stand a class of thirty-five, made up of those who have been with us for eleven years, and of those who have been here only a short time. When we were Freshmen, Bernice Barton and Eva Walker were added to our number; as Sophomores, Addie Lon Nunn, George Neal, and Albert Derden; as Juniors, Hazel and Lamont Bennett, Tom Gallaher, and Frances Forbes; as Seniors, Tom Bolton, Verna Jones, Mattie Willingham, Neale Gamble, and Clara Pringle. These have been a help and an inspiration to us; while in them the spirit of Marlin High has been infused to never die. Our school days have been very pleasant, and we shall always look back upon them as the happiest of our lives. It is with the greatest regret that we now bid old Marlin High farewell. And in the world, the great school in which we are all scholars, may we prove faithful to all of our duties and obligations—the aims and ideals bud in us by our dear Alma Mater.

CIRCUS DAY

Say dar, Ephraus Johnson Brown,
Know a circus' come to town?
I heerd all de white folks braggin'
'Bout de size o' de big band waggin'.

Dars snakes an' dogs an' elephants, too,
An' lepers, an' tigers, an' kangeroos;
Dere'll be akerbats a doin' tricks,
An' spotted clowns gittin' all de kicks.

I's gwine ter tote water till it blisters my han'
So's I kin git a ticket to sit by de ban'.
I'll buy some goobers to feed ever' critter,
An' nen make eyes at Ed Johnson's widdar.

Shore hopes y'all comes to de show tonight;
I'se gwine ta hop aroun' like a young Bob White.
If you sees my wife up home anywhar,
Just tell 'er I's haulin' wood an' can't git dar.

Senior Class Prophecy

"O Memory, Memory, thou hast power to lift the veil and let the spirit back and listen; but thou canst not lead us back into the fairyland of vanished years. All thy songs are of phantoms; and all thy faces and forms are dreams." So I thought as I made my way across the sands of the desert to the oasis where the great magician, Osorio, dwelt. It was he who could open the book of Life and reveal the secrets, the successes, the failures of those we love. For this in the year 1937 I had come. As professor of Ancient History in the new two million dollar building of Marlin High, I was weary of the research work I was doing with Professor Brestid in Egyptology. I was tired of learning the dead secrets of the past, and was hungry to know of the living deeds of the present—those of the classmates of mine.

Hurriedly dismounting I ran eagerly to the door of the tent over which deep red flowers, rose-like in form and heavy with perfume, grew. Breaking a stem of them, I stooped, entered the tent, and made my desire known. Instantly I was directed to an altar on which was a large book lighted by perfumed censers. This (book) I opened—and there before me lay revealed *the* present of my school mates.

First, there was a record of two former football players, Willis Brooks and Perry Tomlinson. Willis is now a merchant, who often lets business languish while he prolongs the game of hearts. Perry is a young doctor who cures his patients with neglect while he prescribes affectionate elixirs to his darling Dul-ci-ne-ade Tabasco.

Pete Glass is a noted soap drummer, who sometimes drums for scalps and hides.

George Neal a bachelor! Why couldn't he forget the Evelyns, the Roses, and the multitudes of other adorables, straighten up, marry a nice little wife, and fulfill his dreams of High School days!

S. C. Johnson has become a well known fiddler of old melodies. He scorns the classics of Mozart and Mendelssohn.

Walter Torbett, better known as "Two Bits," has found a remedy for nervous strain and overwork, the remedy being a fishing rod and plenty of bait. I wonder what he angles for?

Eva Walker, the walking encyclopedia of useless information, has made a decided success as a lexicographer.

Verna Jones has joined the W. M. (Won't Marry) Club and so lives a lonely life.

Janie Belle Ray is an Egyptian fortune teller, her specialty being to predict the future of newlyweds.

John Barton is a fireman on a train. He always said he'd shovel coal.

Viola Smith is an old maid. She has not lost hope that some day she will hear wedding bells ring, and has adopted as her motto, "While there are leap years there is hope, and Barkis is willing."

Mattie Willingham is a dashing young widow who is teaching girls from ten to twenty-one how to vamp innocent, helpless men.

Frances Forbes and Addie Lon Nunn are in Paris and in their abbreviated skirts and with dashing manners are creating nightly comment on their incomparable success as ballet dancers.

Bernice Barton and Edna Mae McKinney attempted to captivate several of the masculine sex, but were unsuccessful on account of abolition of paint and powder. Lately they have fled to Turkey where veils are constantly worn.

Lamon Bennett decided that the United States was not promising enough for his ambitious soul, so he went to the Hawaiian Islands, where he appears nightly in the graceful "Hoola-Hoolas."

Albert Derden, whose ambition was to become an expounder of the Seven Day Adventists, is now a dancing teacher in Patagonia, his chief assistant being Ora Lee Norwood, the inimitable toe dancer.

Audrey Davis, the class poet, is now giving readings for a medicine show. This show is planning to reach Marlin April 1, 1938.

Evelyn Curry and Clara Pringle, two of the most frivolous young ladies of High School days, are now in seclusion at the Old Woman's Home, which is run by Cleo Loggins and Estelle Malone.

Minnie Pauling has succeeded Theda Para as star vamp in the moving pictures. She often finds time to go to Grand Opera to hear John Eddins, who has succeeded and easily surpassed the noted Italian tenor, Caruso.

Neale Gamble is now in the "Home for Broken Hearted Lovers," successfully run by Ada Summers. Neale is taking the noted substance, iroradiuxephidium, which is guaranteed to cure broken hearts, the remedy being co-invented by Louian Carter, Tom Gallagher, and Marvin Mimms.

Pinkeylou Eddins and Hazel Bennett are tight rope walkers in a well known circus. Their salary being thirty dollars a week.

Juanita has given up her ambition for an art career, and, after having played havoc with the hearts of men, especially those of farmers, is now a confirmed old maid teaching English in Otto, her choice expression, to give it in her own words, being:

"Of all the sad words of tongue or pen,
The saddest are these, 'I might have been.' "

With a sigh I closed the book, stole softly from the tent, mounted my camel, and rode thoughtfully into the desert, still carrying the beautiful flowers with me.

Senior Poem

'Twas on a bright September morn,
Four years ago today—
We went to dear old M. H. S.—
We, the Seniors of this May.

All thru that happy, joyous year
We formed the Freshman class;
We bore the taunts of upper men,
Till finally we did pass.

Then came the time when we were known
As the "wisest Sophs" e'er seen;
And we were wise, too, you may know,
Since we were never "green."

And, oh, how dignified were we
When Juniors we became!
No mean ambition e'er was ours—
We dreamed of world-wide fame.

Now that we all have come at last
To the end of our High School days,
As Seniors grave our class has reached
The parting of the ways.

We'll now go forth into the world
With all our visions bright,
And we do hope that none may fail
To know and do what's right.

As we leave, oh, Alma Mater dear,
We bid good-bye to you;
All thru our lives we'll think of thee
And e'er to thee be true.

SOPHOMORE CLASS

Sophomore History

THE YEAR 1920 marked the entrance of a very promising class in M. H. S., the present Sophomore Class. This class as a whole is very remarkable, and when taken as individuals is unsurpassed.

We are all proud of our class, and justly so, for it is well represented in all school activities. Two of our members belonged to the track team and two belonged to the football team. In literary activities the Senior girl declaimer, who won the declamation at the district meet, was from our class, and several of the Sophomore boys were members of the debating club.

In a few words the talent of our Sophomore Class is unending, and we hope to see every member of our class graduate from M. H. S. in 1924.

BERNICE BARTON

Booster Club '19-20-21-22;
Tennis Club '22; Glee Club
'19-20-21-22.

"Bern," being the illustrious cousin of Jim Barton, naturally had some of his good humor and wit. She always had a smile on her face and was very agreeable to everyone; consequently she was very popular and had many friends. When she leaves Marlin Hi everyone in the class wishes her success.

MARVIN MIMMS

Minstrel; Senior Play '21;
Debating Club '22; Senior Editor S. V. '22.

"Hotchkiss" was an agriculture man through and through. Three years ago he won a trip through seventeen states and Canada for his knowledge displayed in this field of work. In future years, we expect him to be the editor of a great farm paper or the inventor of some labor-saving device for farmers. His studious nature and his ability to meet and solve difficult problems both in school and practical life will make him a valuable asset to A. and M. College next year.

JANIE BELLE RAY

Glee Club '19-20-21-22;
Booster Club '21-22; Tennis Club '22; Dramatic Club '22;
Treasurer Glee Club '21; Senior Editor '22; Historian '22;
Isaac '21-22.

Janie Belle, our valedictorian, was a straight A student. She was quiet and reserved and seldom displayed her knowledge until called upon. She represented the High School in essay and in spelling. The seniors were not aware of the fact that they had a Maudie Adams in their midst, until Janie Belle displayed her talent in the Senior play. No doubt, she will continue her good work at college.

Senior Boys Celebrate Prior to Final Examinations

On the afternoon of May 9th, the entire class of Senior boys assembled in front of the Smith Drug Company preparatory to going to Sandy to indulge in a mid-nite luncheon and later a swim. Two freshmen were carried along to serve in the capacity of flunky, valet and waiter.

That night a kangaroo court was held over the two accused freshmen, the charge being disobedience to the Almighty Seniors and lack of respect for all upper classmen. The attorneys for the state were James E. Guthrie and Willis Brooks. Attorneys for the defense were Pete Glass and Albert Derden. Witnesses: John Eddins and George Neal. Sheriff, Perry Tomlinson. The jury was composed of Marvin Mimms, foreman; John Barton, Louian Carter, Walter Torbett, Lamont Bennett, and Tom Gallaher. S. C. Johnson presided as judge.

The case was somewhat one-sided. Objections made by the state were always sustained by the judge, while motions made by the defense were always overruled. After several hours deliberation, the jury returned a verdict of guilty, the penalty being for the accused to run a gauntlet between two lines of Seniors with straps and then run barefooted through the main street. The penalties were executed to the fullest extent.

We hope this event will mark the beginning of an annual custom of "airing the Fish out" just before final exams.

ADA SUMMERS

Glee Club '19-20-21-22; Librarian Glee Club '22; Tennis Club '22; Dramatic Club '22; President Booster Club '22; S. V. Staff '22; Senior Play '21.

Ada's sunny disposition made her exceedingly popular among both the girls and boys. She was a leader in all school activities, and took a prominent part in everything concerning the welfare of her class. "Ada from Decada" was a favorite expression among the boys and well-illustrated her popularity. Nothing but success will be hers as a student in college.

GEORGE NEAL

Football '21; Track '20-21; Senior Play '21; Dramatic Club '22; Minstrel '21; Assistant Business Manager S. V. '22; Tennis Club; Charter Member of the Royal Order of the S. S.

"Frog" was the ladies' man of the Senior class. No doubt he will be the chief mechanic in a Buick factory about 1935. He is somewhat of a Buick mender now, but in the years to come he might show a little improvement. Debating is what Frog can't do anything else but. (Pardons to Octavius Roy Cohen). The High School will miss him, especially, er, uh, the Junior class.

MINNIE PAULING

Booster Club '20-21-22; Glee Club '20-21-22.

Minnie began school with us in the first grade and kept us company for eleven years, therefore, she might be called a charter member of the Senior class of '22. Being somewhat bashful, she never expressed her views on any subject unless called upon. Her aptness for Domestic Economy will make her well suited for teaching this art in later life.

THE END

The Popularity Contest

Each year M. H. S. promotes a popularity contest, the object of which is to determine the most popular girl and boy, the best looking girl and boy, and the cutest girl. All of the High School students have the privilege of voting as many times as desired, if they pay one penny for every vote that they cast. The ultimate purpose of the contest is to increase the financial status of the Students' Voice, consequently the contestant who has the most money voted on him or her wins. Class rivalry grows intense between the "Fish" and the upper classmen for the honor of having one of their members elected for these important positions. The Juniors succeeded in capturing two offices this year, while the Seniors were victorious in three.

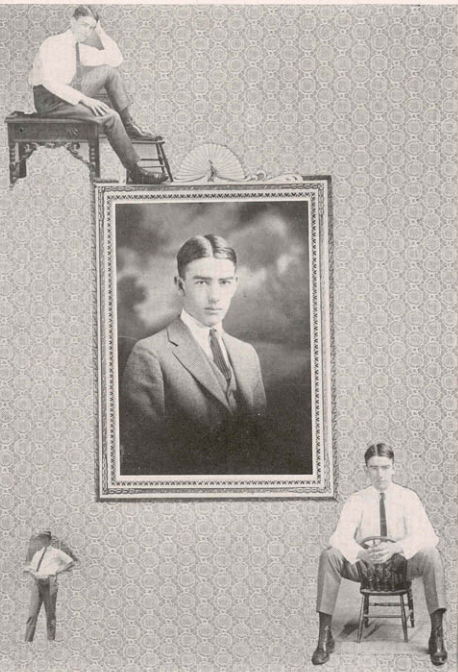

For the seasons 1921-22 we present to you Miss Lois Goode, the Prettiest Girl, because of her cupid-bow mouth, her pearly teeth, and her winsome smile.

We take pleasure in announcing that John Walter Torbett was unanimously declared to be the Best Looking Boy in High School. His Wallace Reid-Stacombed-Hair captivated the hearts of both sexes, including the fair ones in distant cities.

Next on the program was Miss Inezorita Maria Reed, who was elected the Most Popular Girl. She came to Marlin High direct from Highbank, and one could easily tell it. Being somewhat of a curiosity, the natural result was a majority of votes for the Most Popular.

Bud Thomas Moore Gallaher, the Most Popular Boy, was noted for his wit and lack of intelligence. The O'Gallahers sprang direct from Ireland and it certainly was a spring. He was so witty that one might think he sprang from a cell for the "harmless" at Austin, but we assure you that he did not.

Next in order is Miss Evelyn Curry, Cutest of the Cute and Sweetheart of them all. The Senior class is exceedingly proud of Cutie because she is a true representative of the High School.

TOM MOORE GALLAHER—*The Most Popular Boy.*

WALTER TORBETT

GUARD AND FORWARD

"Torb" fought from the first whistle to the final one; and was noted for his speed, dribbling and pivoting. He stayed with his man and prevented the opponents from scoring many times. Rough play was what he liked most, but the fouls he had called on him were never intentionally considered.

IRA RUSSELL

GUARD

"Ira" was a star on the basketball court as well as on the gridiron. He guarded his man well and when on the offense, he advanced by dribbling from one end of the court to the other. He was somewhat handicapped by his size, but he made up for that in speed.

EDWIN GLASS

FORWARD

"Pete" could keep the goal more times than anybody on the team with the exception of Captain Preble. "Pete" did not come out for every match, so did not get to play in all the games but, nevertheless, he made his mark. Next year he will probably play with Seneca.

TRACK

S. D. WILLIFORD
TRACK COACH

When Coach Williford made the announcement "that all interested in track report to me this afternoon at three-fifteen," a squad of eighteen men responded. The

county meet at Rosebud came off two weeks later. We journeyed to the fair city and returned with the loving cup. The margin by which we won the meet was exceedingly small, as the deciding factor was the relay. After Marlin won this race, she emerged victorious from the fray with a lead of three points over her nearest opponent.

Two weeks later the district meet was held at Waco. Here we did not equal our former record, as Marlin only captured third place out of eight schools entered, but we thought it was good considering the great competition we went up against. The men who won points at this meet were permitted to attend the state meet at Austin. Those who made the trip were Keeling, Neal, Norwood, Peebles, Russell, and Johnson. With one man graduating this year practically the same team will return again. We are expecting great things from them the coming season.

We intended to take the relay team to Austin, but Neal sprained his ankle and Barton was attacked with a severe case of acute indigestion. "Ole Lady Luck" followed in our footsteps, it seemed, the entire season, but such is luck.

ELLA TURNER

WALTER TORBETT

JUANITA FERGUSON

Fish Editor '19; Vice-President Soph Class '20; Secretary Junior Class '21; President Glee Club '21; Secretary Senior Class '22; Secretary Glee Club '22; President Dramatic Club '22; Tennis Club '22; Booster Club '20-21-22; Glee Club '19-20-21-22; Dramatic Club '22; Hiking Club '19; Class Prophet '22.

Ella was the most popular girl in the Senior class. The attendance of Georgia Tech. will increase by one next year. As a Latin student, she has no peer, and could recite Vergil so fast one was reminded of the quarrel between the Irishman and the Jew. Now she is gone. Fare ye Marlin Hi.

Band '19-20-21-22; Football '21; Basketball '22; Orchestra '21-22; Best looking boy '22; Senior Play Dramatic Club '22; Minstrel; Humor Editor S. V. '22;

"Torb" was the *life* of the party and the *brains* of the brainless, the *chief* of the chieftains and the *nutty* of the nuttiest. He had a line like the Atlantic cable (deep stuff) and was continually handing it out. (Put on your hip boots, men). His only fault was that he had beautiful baby-blue eyes and blonde hair. "All hail to the departed."

Glee Club '19; Booster Club '19-20-21-22; Dramatic Club '22; Hiking Club '19-20; Tennis Club '22.

"I-wan-ta" was the beautiful baby-doll of the Senior class, and all wanted her. She was not only an artist, but also a fiddler of rare ability. Mr. Guthrie accused her of being a poetess when she had a far-away look in her eyes, but she was only thinking of a Haynes Six. For some unknown reasons her Trig. problems never failed to come in a day late.

EVA WALKER

Booster Club '22; Glee Club '22; Hiking Club '19-22.

Eva (pronounced E-VA), had the lockjaw once and could not talk for several days, but now she makes her jaws work all the faster to make up for lost time. She also had a fever which caused most of her eyebrows, with the exception of a thin line, to fall out. Eva was an excellent student, especially in English. She will be greatly missed by all the school.

LOUIAN CARTER

Vice-President Senior Class '22; Tennis Club '22; Debating Club '22; Minstrel; Senior Play '22; Dramatic Club '22.

"Son" was the smartest boy in the Senior class. He was a good tennis player, but did not take part in other athletics. He grinned so much that he sunburned his front teeth. "Son" had an interest in Mexico, but his oil well moved to Waco. Because he stayed in a big Dodge Sedan most of the time, he always had some one else in there with him, mostly boys (?). Rice will be benefited by his going there next year.

NEALE GAMBLE

Neale may well be ranked with those who "saw wood and say nothing." She was pleasantly addicted to riding on the velvet cushions of a certain little coupe. This can't be marked against her, however, for she bids fair to be a successful costume designer. May her future be well adorned with much happiness and pleasure.

S. D. WILLIFORD, *Coach*

"Doc" hails from Mississippi A. and M. He knows athletics from every angle and is a wonderful athlete himself. With proper support he is capable of developing a quintet that would be the best in the state. M. H. S. has great hopes of his turning out a winning aggregation next year.

TEDDY PEBBLES, *Captain*

FORWARD AND CENTER

Teddy was high point man for M. H. S. this season. He was an accurate goal tosser and could always be depended upon for several points in every game. His good conduct on the basketball court won for him the sportsmanship medal given by the County Association. Teddy will be here again next year.

PERRY TOMLINSON

CENTER AND GUARD

Perry was sensational both on offense and defense. His great ability to lay in following the ball and breaking up many an opposing play. After many years of industrious labor, Perry has decided to graduate, so he will not be with us the coming season.

MATTIE WILLINGHAM

Glee Club '22.

Mattie joined hands with us near the middle of the session and ere long was recognized by her associates as a conscientious and successful student. As silence is golden it may be said that in this manner she made an agreeable impression on all whom she came in contact with. We look for great things from Mattie in the near future.

PERRY TOMLINSON

Football '18-19-20-22; Basketball '22; Athletic Editor '22; Military Company '17-18; Minstrel Senior Play '22; Dramatic Club '22; Stock Judging '20.

Perry has at last succeeded in convincing the faculty that his knowledge was sufficient for them to grant him a diploma. He not only won fame in athletics, but also in dramatics. As Perry has determined to be a farmer, no doubt A. and M. will receive an extra fish in the fall. "Joy be with him."

HAZEL BENNETT

Basketball '21-22; Glee Club '21-22; Booster Club '21-22.

Hazel came to Marlin as a junior. Saying little and thinking much, she impressed all the faculty with her wisdom. Her cheerfulness and light-heartedness made her liked by all. She was the sole representative of the Senior class on the girls' undefeated basketball team, and her creditable work entitled her to wear the coveted "M."

HIRAM WOODLAND, *Captain*

TACKLE

"Cub" was one of the best tackles that ever played on the Marlin High School gridiron. He was a terror on offense and a mountain on defense. His only fault was knocking out his opponents. Invariably, if a man ran into Cub, he had to suffer the consequences. We hope to have Cub back with us next year. "Watch 'im."

PERRY TOMLINSON

TACKLE-FULLBACK

Perry and football are one and the same thing. Think of football and then think of Perry. He played on the High School team four years and was a veteran of veterans. We lose him this year and his place will be hard to fill.

HULEN LENOIR

HALFBACK

"Cuffy" or "Cur-dog" had a stiff arm on him like a mule. He ran straight up, with his head thrown back, and his arm ready for duty. He was the hardest man on the team to hold after being tackled. He will be with us next year.

STOCK JUDGING TEAM

More interest was shown in stock judging this year than ever before by the students of Vocational Agriculture and the student body. Work was started early in the year and competition for the team was strong. The boys attended A. and M. for a trial judging contest. In this contest Floyd Cole, Hubert Kannenberg, and Earl Sudberry were declared members of the team which would attend the Fat Stock Show held at Fort Worth. The contest here was the hardest that any team from Marlin High has ever entered, and we are proud that our team was near the top. Thirty-two schools were represented by teams and when the final scores were announced, Marlin won fourth place. Earl Sudberry was one of the highest ten of the 96 contestants. This made him eligible to try for the state team that will represent Texas in the National Contest next year. Taking all into consideration Marlin High may well feel proud of the boys who represented her in 1922.
