Dear Mildred & family! -

How are my dear ones  
to day? I feel so disappointed  
not hearing from you all today  
just hope nothing serious,  
would love so well to know how  
Wanda is & how the sores are  
guess you have received the  
medicine your Papa got for  
Baby by a law, he saw Dr  
Lattimore, he was asking all  
about Wanda & cure wants  
you to bring her to see him  
Well what has my little girl been  
doing since I saw you last  
did seem so handsome  
I'm with out you, I have  
been doing better most of the  
time, than I have in a long  
long time Rick went to town

Sat morn —

Dear Mildred Jeese Wanda  
Guess you will be  
looking for a letter  
to day. Had intended  
to be at your house  
Sun any way. Mr  
Wilkinson wants Daddy  
to take a load of cattle  
to Blacksville Mon morn  
& I had better not leave  
home untill he returns  
which might be Wed if they  
have no trouble on the  
way it is over 200 mi  
& Diet is going with him  
for the trip & company  
too. so I want to get  
some sewing & be right

man & bought us 2 doz fruit  
 jars (at 79 per) & Oh yes I liked to  
 have told you what else, must  
 not let you know untill you  
 come just a surprise dont  
 you see I am tickled Pea, green  
 pink, na'na', back to the subject  
 then we put up a bu of peaches  
 when he returned & I see we  
 did like wine that made 28 qts  
 more, I am so proud of them  
 & if I could have gotten the  
 jars we talked of putting up a  
 bu for you, they were the  
 Alberta peach, now I must  
 tell you the dirty work I've been  
 doing luff of sore-headed chicks  
 & turks. Oh, boy I'm so disgusted  
 I dont know what to do, I  
 have about 7 blind ones. I

do hope more of yours will take  
 it - if so just get the Iodine  
 & so far it has been a sure shot.  
 Dad & Hub are at Downs today  
 he is filing the saws & hope to  
 finish them if he does will  
 make 20, that will pay for our  
 truck & leave \$12.<sup>00</sup> he thinks they  
 will use him all next wk.  
 I say The meeting begins  
 here Fri night. we do want  
 to attend some, do wish you  
 & Jess could be here to attend  
 too. Jim & Harold came  
 yesterday & we talked so long  
 he sure gave Rick a pretty  
 talk. Oh Medred I would be  
 a happy woman if I  
 could see poor little Rick  
 saved & living a Christian  
 life of course all

the next too, but seems like  
 if Rick was living right, he  
 could lead so many to be  
 better too. Milled I wish if  
 you would ask Mr Phillips to  
 pray for us all & especially  
 Rick & Pero for we are told  
 The prayers of a Righteous man  
 availeth much, I wish I could  
 see you all & I believe Opal  
 missed Wanda nearly as  
 much as we did she said  
 I wish I could see Wannie  
 wish you could keep her  
 all the time" (meaning me)  
 she said I learn to love her  
 more & more" for truly Milled  
 you & Jess how a precious  
 gift, & we all feel so  
 thankful for her.

Hargood sent a nice chicken  
 Mr Thompson gave us some  
 corn & we had peaches & cream  
 & Rick got some ice & we  
 made the tea fly - so we  
 had an enjoy table time  
 did so much think for you  
 all, we thought of you 'tho as  
 we ate, for you know chicken  
 is a rarity at our house  
 I am going to send this  
 letter by Ferd to mail &  
 do hope you get it to morrow  
 will close by sending love  
 & best wishes & hoping to  
 see you all soon so believe  
 me to once & always
