A LIGHT AT THE END OF THE TUNNEL

There's a light at the end of the tunnel,
There's love that's awaiting me there.
All cares and troubles I will leave behind
As I climb the golden stair.

There's a light at the end of the tunnel,
There to meet my Lord face to face
And I'll be in the Home that I longed for,
Saved by His heavenly grace.

Last night your heart stopped, and you left us alone,
But God called you back because you
Were His very own.

We loved you dearly, and so does He.
He shared you with us for a while you see.

When you were around you shared
Your memories of joy
On Birthdays and Christmas you always
Gave us a toy.

It was always like having two moms
Because you really loved us and then some.

Your memory is one that we'll always know
But sooner or later we knew you would have to go

You walked with God your whole life through
And tried to encourage others to do so too,
We loved you Aunt Addie and now you're gone
But God did what He promised, He took you home.

We loved you so much,
Earlie and Family
