HISTORICAL SKETCH AND ROSTER OF COMMISSIONED OFFICERS AND ENLISTED MEN OF THE DRAFTED MILITIA OF MAINE, CALLED INTO ACTUAL SERVICE FOR THE PROTECTION OF ITS NORTHEASTERN FRONTIER, FROM FEBRUARY TO MAY, 1839.

THE AROOSTOOK WAR, 1839.

Among the many important events in the early history of the State of Maine one of much interest is that known as the Aroostook War, a brief sketch of which is given below.

By the treaty of 1783, at the close of the Revolutionary struggle, one-half of the St. John's river belonged to Maine. * * * After the war of 1812, the British claimed the whole of the upper part of the vast valley of the St. John. They demanded all the land above the forty-sixth degree of north latitude, which included about one-third of what was supposed to be the territory of Maine. There was at this time, on the north or eastern side of the river, an American settlement * * * extending for a distance of nearly twenty miles. The inhabitants were principally of French descent, and had emigrated to that American region when the English took possession of Arcadia. This plantation had been incorporated as the town of Madawaska, and a representative was sent to the legislature of Maine. In June, 1837, Congress sent an officer to Madawaska to take a census of the people, and at the same time to distribute the surplus money which had accumulated in the United States treasury. A British constable arrested this agent and carried his prisoner to the nearest English shire town. But the sheriff there, alarmed, refused to receive the prisoner, and he returned to Madawaska, and continued to prosecute his mission.

Governor Harvey of New Brunswick, hearing of the distribution of money to the people, assumed that it was a bribe to induce the inhabitants to continue their allegiance to the United States. He therefore ordered the agent to be re-arrested and he was lodged in Frederickton jail. Governor Dunlap, at that time governor of Maine, issued a general order announcing that the soil of our State had been invaded by a foreign power. The militia were therefore called upon to hold themselves in readiness for active service. A few weeks after, the British authorities set the imprisoned agent at liberty. Both parties wisely decided to refer the question to arbitration.

By the convention between the United States and Great Britain, at London, September 29, 1827, it was agreed through the plenipotentiaries of the two powers, that points of difference between the commissioners appointed according to the fifth article of the treaty of Ghent, should be referred to some friendly sovereign or state. They finally made a choice of William, King of Netherlands, as arbiter of questions submitted under that treaty.

The question in regard to the northeastern boundary being referred to him, he decided that the line should run about half-way between the boundaries claimed by the two powers.

The question submitted was "Which of the two boundaries is the one authorized by the treaty?" and he decided in favor of a line which the treaty did not indicate, and of which neither of the parties had thought. The people of Maine were indignant at this decision. The national government, anxious to avoid war, generously offered Maine a million acres of land in Michigan, in exchange for the territory she would thus lose. This offer was declined, and prolonged negotiations ensued. During the years from 1832, when the decision was waived by both the interested parties, until 1842, when Maine assented to a compromise, there had been frequent collisions on the frontier. In 1838, Governor Kent took measures to increase the efficiency of the militia, and General Wool was sent to inspect the fortifications on the Penobscot, the St. Croix and the Kennebec. The line which Maine claimed by the treaty of 1783 was again surveyed. The territory thus in dispute became the prey of plunderers. Soon there was a conflict between the British lumbermen and American officers.

Governor Harvey of New Brunswick issued a proclamation declaring that British territory had been invaded and ordering out a thousand of the militia. Affairs now began to look serious. Immediately fifty volunteers set out from Augusta for the scene of action. At the same time Governor Harvey sent a communication to the governor of Maine, at Augusta, demanding the recall of the American troops from the Aroostook, announcing that he was instructed by the British government to hold exclusive charge over the disputed territory and that he should do so by military force. This aroused the indignation of the people of Maine. The legislature passed a resolve for the protection of the public lands, and appropriated eight hundred thousand dollars to that purpose. A draft was also ordered for ten thousand three hundred and forty-three men from the militia to be ready for immediate action. General Bachelder was commander of the western division of militia. Within a week ten thousand American troops were either in Aroostook county, or on the march there. The national government was roused. Congress passed a bill authorizing the President of the United States to raise fifty thousand troops for the support of Maine, and appropriating ten million dollars to meet the expense, should the governor of New Brunswick fulfil his threat of maintaining exclusive jurisdiction over the territory in dispute. On the fifth of March, General Scott with his staff, reached Augusta. He informed the governor that he was "specially charged with maintaining the peace and safety of the entire northern and eastern frontiers." He took quarters at the Augusta House and entered into correspondence with both Governor Harvey of New Brunswick and Governor Fairfield of Maine, endeavoring to act the part of peacemaker.

Governor Harvey pledged himself that, in prospect of the peaceful settlement of the question between the two nations, he would not take military possession of the territory, or endeavor to expel from it the civil posse or the troops of Maine. Governor Fairfield pledged himself that he would not, without renewed instructions, disturb any of the New Brunswick settlements in the Madawaska region. He agreed to withdraw his troops and leave uninterrupted communication between New Brunswick and Canada.

This settlement brought peace. The prisoners on both sides were set at liberty. In March, the Aroostook region, which

had previously formed a portion of Penobscot and Washington counties, was formed into a new county bearing its original name. It was generally supposed that the prompt military preparations we had made, which gave us the command of the situation, had great influence with the British authorities in securing a peaceful settlement. Although the Aroostook war called for troops which were sent to the scene of disturbance, the outbreak was a bloodless one; nevertheless it was the occasion of great annoyance and the expenditure of large sums of money.

In the year 1842 Lord Ashburton came to Washington, the British ambassador authorized to form a new treaty for the settlement of the boundary. An extra session of the legislature of Maine was called. Commissioners were appointed to confer with Lord Ashburton and Secretary Webster upon this subject. The troublesome question was soon settled. England greatly needed a portion of this territory that there might be free communication between New Brunswick and Canada. Maine surrendered a considerable tract which was of but little value. In compensation the United States received a territory of much greater value, on the borders of Lakes Champlain and Superior. The national government paid Maine one hundred and fifty thousand dollars for the surrender. The State also received two hundred thousand dollars as re-imbusement for the expense she had incurred in defending the integrity of American territory. The Senate of the United States ratified the Ashburton treaty August 20, 1842. By this treaty, which is sometimes called from the negotiations the Webster-Ashburton treaty, arrangements were made for the final settlement of boundaries between the different states and the British possessions in North America.

Much interesting matter in regard to this subject is found in "Abbott's History of Maine." The printed volumes of "Resolves of the State of Maine" contain valuable material connected with those years of open controversy. Other works are by Albert Gallatin, "The Right of the United States to the Northeastern Boundary Claimed by Them," (New York, 1840); Chas. S. Daveis "Report of the Committee on the North Eastern Boundary, Legislative Documents, 1841;" William P. Preble "The Decision of the King of Netherlands" published anonymously, (Portland, 1841).

Following are general orders issued in 1839, which relate to the Aroostook War, also a list of officers in active service at that time and the muster rolls of forty-six companies of infantry and artillery which were called into active service.

HEADQUARTERS,
AUGUSTA, February 19, 1839.

General Order, No. 7.

The Commander-in-Chief directs a detachment of ten thousand three hundred and forty-three officers, non-commissioned officers and privates, including field and staff officers, to be made by draft from the several Divisions, in the proportions, and from the several corps mentioned in the schedule of detail prepared by the Adjutant General. The officers and soldiers when detached will severally hold themselves in readiness for an immediate call into the service of the State, armed and equipped as required by law.

The Major Generals and officers commanding Divisions are directed to cause the draft aforesaid, to be made with all possible expedition, and complete rolls of both officers and men, designating the Companies, Regiments and Brigades from which they are taken, to be immediately forwarded to the office of the Adjutant General.

In making this call upon a portion of the military force, to hold itself in readiness for active service, the Commander-in-Chief would remind the whole body of the militia, of the important position they occupy as citizen soldiers; and should the contingency unfortunately occur, when their services should be required to render protection to our citizens, or preserve the honor of our State, he will rely with entire confidence on their patriotism for such aid as the exigency may require.

By the Commander-in-Chief.

General Order, No. 17.

Major General Charles W. Bodfish of the Eighth Division, will immediately order into the service of the State from his Division in addition to the detachment directed by General Order, No. 12, of February 27, 1839, four Captains, four Lieutenants, four Ensigns, sixteen Sergeants, four Drummers, four Fifers, and two hundred and fifty-six privates of Infantry; and one Captain, one Lieutenant, one Ensign, four Sergeants, one Drummer, one Fifer, and sixty-four privates of Light Infantry.

This additional draft will be armed, provided for in every respect, and rendezvous, as mentioned in General Order, No. 12, for the detachment in the Eighth Division, and remain in service three months, unless sooner discharged by the Commander-in-Chief.

By the Commander-in-Chief.

Adjutant General.

The commanding officer of the detachment to be ordered into service, will make requisition on Colonel George W. Stanley, Assistant Quartermaster at Bangor, for the necessary supplies for this march to join General Hodsdon's command.

General Order, No. 23.

General Orders, Nos. 12 and 17, of February 27th and March 1st, 1839, so far as they relate to the troops in the Eighth Division, are countermanded as to the time appointed for the detachment to rendezvous. The officers and men of the detachment ordered into service by the before mentioned General Orders, will hold themselves in readiness to march at one hour's notice, to such place as may be required by the Commander-in-Chief.

Major General Bodfish will see the importance of promulgating this order with the least possible delay.

AUGUSTA, March 11, 1839.

General Order, No. 25.

The Commander-in-Chief directs the following as the component parts of the ration to be issued to the Militia of this State, when in actual service, viz.:—three-quarters of a pound of pork or bacon, or one and a quarter pounds of fresh or salt beef, eighteen ounces of bread or flour, or twelve ounces of hard bread, or one and a quarter pounds of corn meal, and at the rate of four pounds of soap, one and a half pounds of candles, two quarts of salt, four quarts of vinegar, eight quarts of peas or beans, and when practicable, two pounds of tea, and twelve pounds of sugar or the equivalent in molasses, to every one hundred rations.

No allowance will be made to troops who do not receive all the parts mentioned for the rations, but commissaries are directed to cause such parts thereof as can be furnished without great inconvenience and increased expense, to be delivered to the troops at every post when so required.

Officers commanding detachments in service will cause this order to be immediately promulgated that there may be no misapprehensions by any one in relation to the rations.

By the Commander-in-Chief.

Adjutant General.

STATE OF MAINE.

HEADQUARTERS,
AUGUSTA, March 25, 1839.

General Order, No. 28.

The detachment of troops from the Fifth and Sixth Divisions, now in the service of the State, under command of Colonel Orison Ripley, and at present stationed at Augusta, will be inspected, mustered and discharged, as follows, viz:

The Companies of Light Infantry and Riflemen from the Fifth Division, on Tuesday, the 26th; the Companies of Artillery, Light Infantry and Riflemen from the Sixth Division, on Wednesday the 27th; the A, B, C and D Companies of Infantry, on Thursday, the 28th; and the E, F, G and H Companies of Infantry, together with the field and staff officers, on Friday, the twenty-ninth days of March, instant.

Major General White, of the Second Division, is charged with the duty of inspecting and mustering the detachment aforesaid, and he will make immediate report thereof to the Adjutant General.

The detachment will be paid by companies at the office of the Adjutant General, immediately after the respective musters.

In directing the discharge of the troops under command of Colonel Ripley, the Commander-in-Chief avails himself of the occasion, to express to the detachment his warm thanks for the prompt manner in which they have responded to the call made for their services, as well as for their good conduct while quartered at the Capital. The rapid progress made in discipline, during the short time they have been on duty, is highly creditable to both officers and men, and it is another evidence that our patriotic citizen soldiery, while they are at all times ready to march in defence of our country's rights, also possess those qualities indispensable to the establishment of an efficient army "good order and subordination."

But in deciding that the condition of our border difficulties has so changed since the order directing the draft of militia from the Fifth and Sixth Divisions, as to render the services of this detachment not at present necessary, the Commander-in-Chief would remind them, that while he flatters himself with the hope that such justice will be done the State in regard to our boundary, as will render it unnecessary again to call in the aid of military power to preserve the integrity of our soil, yet that it is the duty of every community to be prepared to protect by physical force, those rights ever dear to a free people; and although the members of the detachment will forthwith return to their respective homes and firesides, they will recollect that their services may again be necessary; and should that emergency unfortunately occur, the Commander-in-Chief doubts not that they will respond to any further call, with that alacrity which has ever characterized the Militia of Maine.

By the Commander-in-Chief.

A. B. THOMPSON,
Adjutant General.

STATE OF MAINE.

HEADQUARTERS,
AUGUSTA, March 25, 1839.

General Order, No. 29.

Major General Isaac Hodsdon, commanding the military force of the State now on duty on the northeastern frontier, will make immediate preparation for retiring with the troops of his command from the valley of the Aroostook; and as soon as a suitable civil force shall have been furnished the Land Agent, to enable that officer to protect the timber and other public property of which due notice will be given, he will cause the detachments under his orders to return by way of Houlton and the Aroostook road, to the city of Bangor.

By the Commander-in-Chief.

STATE OF MAINE.

HEADQUARTERS,
AUGUSTA, March 30, 1839.

General Order, No. 30.

Major General Isaac Hodsdon, commanding the State troops in actual service on the northeastern frontier, will leave of the detachment from the third Division, one Company of Light Infantry, one Company of Riflemen and two Companies of Infantry under command of a field officer, at Fort Fairfield and at the mouth of the Presque Isle of the Aroostook, for the purpose of protecting the public property, until a sufficient civil force is procured by the Land Agent for the object. General Hodsdon will forthwith return with the remaining portion of the detachment from the third Division, to the city of Bangor and he will report his command by Companies or larger divisions, as they arrive, to the Adjutant General at that place.

The detachment from the second Division, will without delay return to Bangor under Brigadier General Bachelder, who will report his command as the several Companies thereof shall arrive, to the Adjutant General at that city.

The officer left in command at Fort Fairfield and at the Presque Isle, on being notified by the Land Agent that a sufficient civil force has been procured to enable him to protect the public property, will immediately retire to Bangor with his command, and report to the Adjutant General.

Brigadier General Bachelder will leave a guard at township number ten on the Aroostook road, sufficient to protect such public stores as may from necessity be left at that post. This guard will be subject to the orders of the acting Quartermaster General.

Deeming it unnecessary longer to continue a military force on the northeastern frontier, the Commander-in-Chief directs that the Militia be discharged without delay; and he takes this occasion to express to the detachments from the second and third Divisions, his entire satisfaction with the manner in which they obeyed the call into the service of the State for the protection of the rights and honor of Maine; and their general conduct while in the public service, as reported by their respective commanding officers, merits, as it receives, his warm approbation.

Called into active service at a season unusual for military operations, without preparation and without experience, much inconvenience if not suffering must have been felt by the detachments on duty. It has been the intention of the Commander-in-Chief to render their condition one of as much comfort as the nature of the service would permit; and the zeal and alacrity with which they have obeyed the call for their aid, is sure evidence that Maine can rely with perfect confidence on the patriotism of her citizen soldiery, for the protection of her honor, and the vindication of her rights.

By the Commander-in-Chief.

General Order, No. 31.

The detachment of troops from the Seventh Division, now in the service of the State under command of Major General Ezekiel Foster, and stationed at Calais, will be inspected, mustered, and discharged on Friday the fifth day of April, instant.

General Foster will make immediate report of the mustering of his detachment, to the Adjutant General in Calais.

The detachment will be paid by Companies at the quarters of the Adjutant General, immediately after they shall have been mustered.

The troops from the Seventh Division, having faithfully performed the service required of them, will now return to their several homes, from which they were unexpectedly called to protect the honor and defend the soil of Maine. The uniform good conduct of this detachment, as represented by its commanding officer, reflects high honor on both officers and men, and is evidence of that feeling of patriotism which inspires the hearts of those only who would be free.

Should the State require the further services of this Division, the Commander-in-Chief cannot doubt, that when called they will again rally round the standard of their country, in defence of those sacred rights purchased by the blood of our fathers.
