Looking for information on my great great grandfather William Gault or Galt (born 1857 Scotland) and his wife Maggie McLellan (born 1865 Canada or Scotland). Both are listed in the 1880 US Census in Pembina Dakota. It appears from the census that they both stayed in a Hotel run by an Angus McLellan (Maggie's father). I have information stating they married then moved to the Walsenburg area of Colorado where Maggie is listed as dying in 1897. They had five children,

William born 1888

Robert born 1889

Janet(Jenney) born 1892

Mary Beattie born 1893

Ethel born 1897

It appears William returned home to Scotland with the children after his wife's death and died between 1930-1945.
