

Mrs. Richard Hitz, nee Rosabelle Meier
first attended Dist 39 in 1898.

our clothes and dry it near the
hall stove, and very often in
the mornings when it was still
cold in the school house our
Teacher would have us all start
our studies sitting around the
stove on benches, sometimes I wonder
how we got by with no more sickness
then there was.

Once in a while, when the snow was
very deep, I would get a ride to
school in a wagon (of course) or a
bob sled, which we tho't "was quite
a treat, other wise we all walked,
cold or not, but we all wore about
three times as much clothes as the
children of today wear.

I am a former pupil of
Dist 39

Mrs. Richard Hitz
nee Meier
