Dear Mrs Schreiner,

When I first read
in the Percy paper that you were
planning a celebration for Dist 39's
75th Anniversary... memories of
yesterday started crowding through
my mind.

First and foremost are the
fond memories I still have of the
various teachers who helped teach
me the 3 R's that was -- and
still is of utmost importance.

My first teacher was
Lora M Priestly 1904-1905. She
meant so much to me, even though
I didn't realize it then, her kindness
and love helped to make a little
girl's life brighter who had lost her
mother a few years before.
