

1904

Mrs. Chris Manger, nee Martha Larsen, first attended Dist. 39 in 1904.

3.

She directed us in long programs that were so much a part of the rural schools of that day.

The year 1910 was my last spent in that Dist. Nellie Trent was my teacher. She boarded in our home. Besides teaching school she taught me how to piece a quilt. (Incidentally I still have that quilt to-day) Following this year I moved with my father to South Dakota to homestead.

A few pupils I remember well were - Mary & Annie Ulrik, Schauf family, Helen & Clara Veck, Brandt, Dieringer, Anderson, Marrucis and Miller. Of course there are many more I cannot recall at this time.

Transportation of that day was by foot regardless of weather. Quite different than the young.
