EDITOR'S REMARKS

This issue is dedicated to Miss Varnie Virginia Sloan of Tampa, Florida. She has been interested in genealogy for nearly seventy years, has been active in the Daughters of the American Revolution (DAR), United Daughters of the Confederacy (UDC), Florida Genealogical Society, Inc. and other organizations in her area and has aided many people in their search for lost ancestors (including your editor).

Special thanks to the individuals who contributed records used in this issue. Their names appear in the introductions to the records each contributed.

Although everyone works hard to make all records as accurate as possible, errors do occur, in typing, in transcribing data from old handwriting or from hard-to-read tombstones and other situations. One such error appeared in Issue #1, page 9, 6th tombstone down: Wallace Ray Morgan died April 21, 1946 NOT 1916!
