#### MALACHI HAGAN LETTER

Mrs. Dillie Hagan Underwood of 722 W. Whidden Street, Arcadia,  
Florida contributes this very interesting letter written in 1839  
by one of her ancestors describing life and events in territorial  
Florida.

Whiteville, Florida  
November 14, 1839

Dear Children,

We received your letter dated October 1839, and it was a very de-  
sirable letter to us, as we have been wishing to hear from you so  
long.

You wished to hear something about the Indians. They have been  
murdering our frontier settlers, volunteers, mail carriers, regu-  
lar soldiers and wagoneers, killing teams, and plundering the  
wagons at times ever since you left Black Creek.
