

On July 7, 1888 Theodocia F. Low gave the following affidavit in response to documentation of their birth dates:

The first bible was very badly worn and likely to be destroyed and we had them copied by Roley P. Whidden in a bible published or issued by the New York American Bible society in 1859 and that bible was destroyed and the ages copied by one Samuel Garrett onto papers and has been kept as a record of ages ever since.
